

Media Release

17 August 2012

The Trio Capital transnational organized crime gang exploited the vulnerabilities of the Australian superannuation system to steal \$180m of Australian's retirement savings.

The Australian regulatory framework failed to identify and prevent this fraud from occurring.

The Victims of Financial Fraud (VOFF) urge all investors in Trio Capital who have not yet been in contact with VOFF, to participate in a potential joint compensation claim.

If you wish to be part of this compensation claim should it proceed, please provide your name and contact details to email address <johnt@1earth.net> no later than 1st September 2012.

All information will be treated with the upmost confidentiality.

John Telford
Secretary VOFF
