VICTIM IMPACT STATEMENT

Hi John, Here is an impact statement,

“Although we did not lose as much money as a lot of people did, it has had an impact on how we can live in our retirement Arthur is 70, I am 69 this year. We thought we would have enough money to retire on, be able to afford to travel. Not have to scrimp and watch every penny we spend. We used to live in Wollongong, we now live in Qld as it is a cheaper way of life, but we still find we have to watch what we spend. Arthur and I both worked all our lives, he as a carpenter and myself as a registered nurse. We thought we were doing the right thing and investing for our future retirement, only to find someone walked in the front door and took a large amount of our retirement money, and the government bodies let them take it, and they refuse to do anything about it.”
