

# The Trio Capital crime

- International criminals stole \$180m from Australian citizens.
- This includes Illawarra retirees and families
- It happened under a Labor Government.
- The Labor government did not hunt down the criminals.
- The Labor government is not chasing the stolen money.
- The Gillard Government does not care.
- The ALP's Stephen Jones and Sharon Bird don't care.
- Mr Jones doesn't care that the Governments police 'watchdogs' were slammed for their negligence. He simply blames the victims.
- This is the largest fraud ever affecting Illawarra's residents.

*There is a cover up.*

*The public are denied evidence of how this fraud occurred.*
